## Brisbane Central State School

Year 5 Learning Web - Term 4 2025

### **English**

Students learn how writers use words and writing techniques to share clear messages about story ideas and characters. They create their own writing to show what they have learned.

### **Mathematics**

Students write and order decimals. They use their knowledge of multiplication facts and calculation strategies to multiply numbers by one- and two-digit numbers and divide by single-digit numbers. They learn to understand operations in equations involving multiplication and division. Students create and use sets of rules to identify and explain patterns in the factors and multiples of numbers. They explore chance experiments, list the possible outcomes, estimate and make comparisons.

#### French

Students learn about how a country's languages and cultures impact the way French is used there. They compare French words used in various countries. Students discover French words used in the English language.

### **The Arts**

#### Music

Students write a percussion backing for a known song. They use rhythm, tempo and volume to match the song.

### **Central Idea & Key Concepts**

Through the learning in two or more subjects, the students explore the following central ideas and key concepts.

Central idea: Changes to the earth's surface

impact human lives.

Concepts: Causation, form

For some subjects the learning focus continues

from Term 3 into Term 4, with the new learning focus starting in Term 4 Week 3.

#### Science

Students describe how different processes can slowly or quickly change the Earth's surface. Students learn how communities respond to changes to Earth's surface to protect environments.

### **Humanities & Social Sciences**

Students learn how communities work together to respond to severe weather events to restore and protect environments.

### **Technologies**

Students learn how to design food packaging by exploring different materials and explaining their design choices. They also learn about sustainable practices related to food, water, and energy, and design a sustainable solution that could be applied within the school.

### **Health & Physical Education**

Students demonstrate fair play and teamwork skills while taking part in baseball drills and games.

	December 12 - Report cards sent home
	Last Day of School for 2025!!
	27 January 2026 - school starts
<u>Fruit Break</u>	No hat – Alternative play spaces
Each day students have a fruit/vegetable snack around	Students who do not have a hat at school are not able
10am. Please send your child with a piece of fresh fruit	to play on the oval or playgrounds during breaks.
or vegetables to eat in a separate labelled container.	Students will be directed to undercover/shaded and
	indoor play spaces. Please help us support your child to

#### Positive Behaviour for Learning (PBL)

Brisbane Central State School follows the Positive Behaviour for Learning model to teach our students what behaviour is expected at school. Each

week classroom teachers teach a focus lesson, explicitly teaching appropriate behaviours. All classes focus on the same lesson, and all staff are on the lookout for this behaviour being displayed. When the positive behaviour is noticed, Owlies are handed out to acknowledge the behaviour. Owlies lead to stamps in a Behaviour Passport and then to a Rewards Menu where the students can choose from a variety of rewards.

#### Class teacher contact details

For messages that require attention on the same day please make contact via the school office on 3230 4333. Teachers are not on email consistently throughout the teaching day.

For other enquiries or information, please feel free to email the details or to request a meeting.

Email: jecul0@eq.edu.au

#### **Culture of feedback**

Brisbane Central State School follows a student-centred model of feedback for learning. Students are actively involved in learning

experiences to understand **what** a quality piece of work looks like, **where** their work is in comparison to this and **how** to take their next step to improve.

Students do this through:

be sun safe.

- Using displayed resources in the classroom (Improvement Wall) and targeted feedback from peers and teachers
- Engaging in multiple opportunities to produce work and analyse their own and other's work
- Applying feedback to improve
