## From the Principal

#### School overview

Our friendly, inner-city school is characterised by our growing, multicultural student population. Students arrive at our school from a range of countries, ethnicities, language backgrounds, and religions. Approximately 70% of our students speak English as a Second Language, and are often multilingual. The school is sometimes the "first port of call" when families arrive in Brisbane from interstate or overseas, and our students are used to providing a warm welcome to new students who have come from all over the globe. Established in 1860, Brisbane Central is also a school of historical significance. The main building and library are heritage listed and the community has a great sense of pride and interest in the school's architecture and history. There are currently 422 students enrolled at Brisbane Central State School. Presently, there are 18 classes from Prep to Year 6, comprised of single year levels and multi-age groupings. Due to recent growth in student enrolments, the school is enrolment managed, with many of our students residing within the Spring Hill and CBD area. Our students live in a range of accommodation, including inner-city apartments, townhouses, and terrace homes. The school's central focus is to develop highly literate and numerate students in all curriculum areas, but particularly in the areas of English, Mathematics and Science. Our class and specialist teachers, in partnership with our teacher aides, are focussed on the explicit teaching of vocabulary and reading comprehension. Consistently good literacy, numeracy and Science results are achieved through a philosophy of continuous improvement and individualised programs based on data-driven teaching. Staff are supported by the school leadership team to engage in professional learning that aligns to student achievement data and the school's priorities. The school employs a Literacy Coach and Inclusion Support staff above the school's allocation to directly support student learning and lead teacher professional development. Our EAL/D specialist teacher leads a team of dedicated staff who supply intensive support for newly arrived students who are new to English, and provide direct professional support to classroom teachers. The school also employs additional teacher aides to work directly with students in class to support and enhance student learning, particularly in the areas of vocabulary enhancement, reading and numeracy. Our culturally diverse school community places a high value on education. Our students are well-behaved, and are engaged and highly motivated to learn. To develop students' strengths and talents, our school provides a range of curricular and extra-curricular activities. French is taught to all students from Prep to Year 6. A number of Gifted and Talented programs are also offered to our students through the school's partnership with the City Cluster Schools. Our students enjoy a range of excursions, including a biennial Year 5/6 trip to Canberra, live performances and festivals. Our growing Music program includes weekly lessons for all students, a school choir, and an Instrumental Band program, all provided by specialist teachers. Our Music students frequently perform on school assemblies, and at public events and music camps. Our community also encourages the involvement of students in physical activity. All students receive at least one weekly Physical Education lesson from a specialist teacher. Students also participate in an offsite swimming program in Term 1 and Term 4. The school also recieves Sporting Schools funding from the Australian Sports Commission to support the many sporting opportunities on offer. Students in Years 5 and 6 also participate in district sporting trials striving for selection in City District, Met North and Queensland teams. Central to school life are the close connections to our community partners. Our school enjoys a productive relationship with our P&C Association, who organise events and fundraisers in collaboration with the school leadership team and school staff. Our P&C hosts a biennial Art Show and supports school events. Our strong partnerships with local community are also demonstrated through our partnerships with Brisbane Girls Grammar, All Hallows, St Laurances College and St James College.

## Characteristics of the student body

#### Student enrolments

Table 1: Student enrolments at this school

Enrolment category	2017	2018	2019
Total	302	347	407
Girls	159	176	208
Boys	143	171	199
Indigenous	2	2	5
Enrolment continuity (Feb. – Nov.)	80%	88%	86%

#### Notes:

- Student counts are based on the Census (August) enrolment collection.
- 2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
- pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

#### Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	23	22	22
Year 4 – Year 6	24	25	25
Year 7 – Year 10			
Year 11 – Year 12			

#### Note:

The <u>class size</u> targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## **Curriculum implementation**

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <a href="https://education.gld.gov.au/curriculum/stages-of-schooling/p-12">https://education.gld.gov.au/curriculum/stages-of-schooling/p-12</a>.

#### **Extra-curricular activities**

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <a href="https://www.qld.gov.au/education/schools/information/programs">https://www.qld.gov.au/education/schools/information/programs</a>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <a href="https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models">https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models</a>.

#### Social climate

#### **Overview**

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <a href="https://www.qld.gov.au/education/schools/health">https://www.qld.gov.au/education/schools/health</a>.

#### Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <a href="https://education.qld.gov.au/parents-and-carers/community-engagement">https://education.qld.gov.au/parents-and-carers/community-engagement</a>

#### Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multidepartmental Queensland Government approach to ending domestic and family violence.

<sup># &#</sup>x27;Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

<sup># &#</sup>x27;Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- · improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- · less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <a href="https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships">https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships</a>

#### School disciplinary absences

Short suspensions – 1 to 10 days	5	3	2
Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

#### Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

### **Environmental footprint**

#### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	129,533		142,254
Water (kL)	1,714	1,823	2,553

#### Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

## **School funding**
